

Printing Tips

- Reduce printing by sharing files on Google Docs.
- Preview first, and only print the pages you need.
- Printing a web page? Copy text into a Word or TextEdit document with white background.
- Don't print Keynote presentations full page. Try thumbnail view instead.

Having Printing Problems?

- Make sure you're still signed into the wireless (Aruba.)
 - Did you select the correct printer?
 - Is the printer out of paper?
 - If the green light is blinking, the printer is still thinking.
