Edmodo Integration Ideas

Writing

- Picture prompts: Use images to inspire student writing.
- Story Starters: Short sound clips to listen to and respond.
- Explore and Report: Share resources and have students report findings.
- Comprehension Check-ins: Have students read/listen to short passages and respond to multiple choice questions.

File Management

- Easily share templates for class activities.
- Create a resource or starting point for digital projects.

Badges

- Recognize and motivate students with digital stickers.
- Easy to make and customize.

Assignments and Grades

- Keep students on track with digital assignments with deadlines and reminders.
- Students can easily check what work is still out or missing credit with their Grade Tab.
- You can even see different versions of student work as they revise to view improvements.
