Productivity & Teacher Tools for iOS

Inspiration Use interactive mind webs to help students organize ideas and create outlines.

Dropbox stores photos, documents, and videos in the cloud, and lets you view and edit them from any device or your computer.

Pages lets students create, edit, and view documents on the iPad. Uploads to iCloud as well as other file sharing services.

Book Creator lets you create and edit ePub digital books right on the iPad, and share them online.

Keynote is a powerful presentation app complete with animated charts and transitions. Uploads to iCloud as well as other file sharing services.

TeacherKit (formerly **TeacherPal**) is a classroom management tool for tracking behaviors, attendance, grades and seating arrangements for multiple classes.

Evernote is an easy-to-use, free app that helps you remember everything across all of the devices you use. Great for note-taking and storing audio and video.

Common Core Standards is a great reference to easily read and understand the core standards.

Notability allows students and staff to sketch ideas, annotate documents, complete worksheets, keep a journal, take notes, make a presentation and much more.

Explain Everything is an easy-to-use screencasting, and interactive whiteboard tool that lets you annotate, animate, and narrate.

Funny Movie Maker lets you record videos replacing the image's mouth with your own. Create messages for students or allow them to tell stories in fun and creative ways.

Science360 provides easy access to engaging science and engineering images and video.

Calculator Pro is a simple, elegant calculator offering both standard and scientific modes.

Khan Academy provides access to a great library of online lessons in video format.

Best Barcode Scanner is a simple, easy-to-use barcode scanner for using QR codes in your classroom.

iBooks allows students to read digital books in ePub format and access PDFs. Students can create highlights, annotations and bookmarks as they read.

AirMicroPad allows your students to view wireless ProScope digital microscopes from up to 253 devices at once.

Edmodo is your resource for a digital classroom. Create assignments, quizzes, grades, and collect student work.
