

Science Translated Test Terms
Benchmark 2
Spanish-English

| PHYSICAL SCIENCE | CIENCIA DE LA FÍSICA | LIFE SCIENCE | CIENCIA DE LA VIDA | EARTH & SPACE SCIENCE | CIENCIA TERRESTRE Y ESPACIAL |
|------------------|--------------------------------|------------------|-------------------------|-----------------------|----------------------------------|
| acceleration | aceleración | adaptation | adaptación | acid rain | lluvia ácida |
| acid | ácido | adult | adulto | asteroid | asteroide |
| attract | atraer | amphibians | anfibios | atmosphere | atmósfera |
| base | base | biome | bioma | climate | clima |
| battery | pila | birds | pájaros | comet | cometa |
| boiling | ebullición | carnivore | carnívoro | condensation | condensación |
| chemical change | cambio químico | cells | células | conservation | conservación |
| circuit | circuito | chlorophyll | clorofila | cycle | ciclo |
| color | color | cold-blooded | de sangre fría | deposition | deposición |
| combustion | combustión | community | comunidad | earthquakes | (la) terremotos (sm) temblors |
| concave | cóncavo | crustaceans | crustáceos | earth's axis | eje de la tierra |
| connection | conexión | deciduous plants | plantas deciduas | eclipse | eclipse |
| convex | convexo | decomposers | descomponedores | erosion | erosión |
| cooling | enfriar | ecosystem | ecosistema | evaporation | evaporación |
| electricity | electricidad | egg | huevo | flood | inundación |
| electromagnet | electromagneto | endangered | en peligro | galaxy | galaxia |
| energy | energía | environment | medio ambiente | landslides | derrumbes |
| force | fuerza | evergreen plants | plantas de hoja perenne | meteorite | meteorito |
| freezing | congelamiento/congelación / | exoskeleton | exoesqueleto | moon | luna |
| friction | fricción | extinct(ion) | extinción | orbit | órbita |
| gas | gas | fish | peces (pez - singular) | planet | planeta |
| gravity | gravedad | flowers | flores | pollution | contaminación |
| heat | calor | food web | red alimenticia | precipitation | precipitación |
| heating | calentar | frog | rana | recycling | reciclaje |
| light | luz | gills | branquias | revolution | revolución |
| light spectrum | espectro de luz | grub | larva | rotation | rotación |
| liquid | líquido | habitat | hábitat | seasons | estaciones |
| magnet | imán | herbivore | herbívoro | solar system | sistema solar |
| mass | masa | heredity | herencia | star | estrella |
| matter | materia | Insects | Insectos | sun | sol |
| melting | fusión | Invertebrates | Invertebrados | temperature | temperatura |
| molecules | moléculas | leaves | hojas | volcanic eruptions | erupciones volcánicas |

Benchmark 2
Spanish-English

| PHYSICAL SCIENCE | CIENCIA DE LA FÍSICA | LIFE SCIENCE | CIENCIA DE LA VIDA | EARTH & SPACE SCIENCE | CIENCIA TERRESTRE Y ESPACIAL |
|-------------------|--|---------------------|-----------------------------|-----------------------|------------------------------------|
| motion | movimiento | life cycle | ciclo vital | weather | tiempo (atmosférico/meteorológico) |
| neutral | neutro | lungs | pulmones | weathering | alteración atmosférica |
| pendulum | péndulo | mammals | mamíferos | wind direction | dirección del viento |
| physical change | cambio físico | migration | migración | wind speed | velocidad del viento |
| prism | prisma | niche | nicho | | |
| radiation | radiación | nutrients | nutrientes | | |
| rainbow | arco iris | omnivore | omnívoro | | |
| rate | velocidad (speed) tasa/índice (birth) coeficiente (increase) caudal medio (water flow) régimen (electricity) | organ | órgano | | |
| reflection | reflección | photosynthesis | fotosíntesis | | |
| refraction | refracción | pollination | polinización | | |
| repel | repeler | population | población | | |
| solid | sólido | primary consumers | consumidores primarios | | |
| solution | solución | producers | productores | | |
| sound | sonido | pupa | pupa | | |
| speed | velocidad | reproduction | reproducción | | |
| speed of light | velocidad de la luz | reptiles | reptiles | | |
| states of matter | estados de la materia | roots | raíces | | |
| suspension | suspensión | secondary consumers | consumidores secundarios | | |
| transfer | transferencia | seed | semilla | | |
| ultraviolet light | luz ultravioleta | skeleton | esqueleto | | |
| velocity | velocidad | survival | sobrevivencia/supervivencia | | |
| wavelength | longitud de onda | tadpole | renacuajo | | |
| | | tissue | tejido | | |
| | | vertebrates | vertebrados | | |
| | | warm-blooded | de sangre caliente | | |
